

# Member Advocate

## Medicaid/BadgerCare Outreach

GHC has a great opportunity for someone who has the passion to help people and wants to improve health care access for GHC's Medical Assistance and BadgerCare members. In this role you will be responsible for assisting members to better use GHC's health care delivery system through outreach and connection to community resources. This role will also assist in the development of programs including a prenatal care initiative and incentives for members obtaining required health exams. This position will also work closely with Access Community Health Centers, Madison Metropolitan School District and will represent GHC at community events.

Requirements include: High school education or equivalent with a minimum of six (6) months experience working in community based activities such as Public Health, School district, or Headstart, etc. Clinical experience as a Medical Assistant, Certified Medical Assistant, or LPN is preferred but not required. Current WI Driver license with a good driving record, access to a vehicle and the ability to travel. Ability to work with a diverse patient population and be culturally sensitive. Knowledge of the Medical Assistance and BadgerCare programs and the ability to learn GHC's services and benefits.

This full time position is based at GHC's downtown, Capitol Clinic. Hours are M -F, 8 5, with some flexibility required and occasional evening and weekend hours.
